Education

Bachelor of Science in Computer Engineering

University of Rizal System Morong

GWA: >1.8

Key Courses: Web Development, Database Systems, Object-Oriented Programming, Artificial Intelligence

Skills

- **Front-End Development:** HTML, CSS, JavaScript, jQuery, Tailwind CSS, Bootstrap, React.js
- **Back-End Development:** Basic knowledge of Node.js, Express.js, PHP
- **Design Tools:** Adobe Photoshop, Adobe InDesign, Canva, Figma
- **Programming Languages:** Basic knowledge of Java, C#, C++, Python
- **Project Management:** Microsoft Office Suite (Word, Excel, Visio, PowerPoint)
- **Soft Skills:** Communication, Teamwork, Goal-Oriented, Adaptability, Eagerness to Learn, empathy

Experience

Management Information System Office | IT Intern (June 2023 - July 2023)

- Developed a network floor plan for the university using Microsoft Visio, improving network layout efficiency.
- Automated presentations by integrating Adobe Illustrator and Photoshop, reducing manual effort.

Leadership

Association of Concerned Computer Engineering Students | September 2022 – August 2023

General Secretary

- Coordinated communication between faculty, committee members, and over 300 student members to ensure smooth organizational operations.
- Established a creatives committee that led to an increase in engagement for organization events.

Creative Director

- Led the creation and scheduling of publicity materials, increasing event attendance.

Future Engineers' Club | September 2022 – August 2023

General Secretary of CpE Director

- Organized and managed joint projects and events with FEC and ACCESS, coordinating activities for over 1,000 engineering students.

Projects

Engineering Research System Kiosk Through Deep Learning

- Led the front-end development using HTML, CSS, and JavaScript, enhancing user accessibility.
- Designed wireframes to visualize and optimize user experience flow.

Mang-Inamerz Front-End Web Development Project

- Developed a fully responsive website inspired by Mang Inasal.
- Created custom graphics using Adobe Photoshop, enhancing website aesthetics and engagement.
